SU President answers our questions

**Q1. What book or author was your favourite as a child?**

My favourite book as a child was Harry Potter and the Philosopher's Stone!

**Q2. Were there books in your house growing up?**

There were a lot of books in my house when I was growing up, from Geography & adventure stories, to stories of Irish folklore & Irish history.

**Q3. Do you tend to read a particular genre?**

I mainly read books on Irish history. When I was studying it was mainly books on business, economics & accounting!

**Q4. How do you choose your reading? Do you check book reviews, take recommendations from friends...?**

I mainly trust my own judgement as well as taking a lot of advice from friends and family before reading a particular book, and they haven't let me down yet.

**Q5. Do you buy books and / or use libraries?**

Yeah I buy books, but I primarily use the college library or my town library in Ballina.

**How do you buy? Do you buy online or visit bookshops?**

I prefer to shop local, so I buy from bookstores as opposed to online.

**Q6. Do you use Electronic books and E-Readers?**

I don't but some of my friends and family do, I prefer to read printed books anyway.

**Q7. Any other thoughts on reading you would like to share?**

I would just like to encourage anyone who has a book they would like to read, to find time to read it. It's a great way to relax, chill out and keep your mind active and healthy!

## Library Induction is important

*Library staff provide induction to groups of students depending on their course; so Heritage get their own tour; Business students come at a different time and so on...*

*We arrange them with your lecturers so they will give you the date and time.*

*These sessions are quite detailed; you will be shown the library facilities, told about services and of course you can ask questions. Don't miss this opportunity; it's a good idea to start getting to know the library early...*
